

Are you an experienced **Laser Operator** who can work off your own initiative, think on your feet and adapt to meet deadlines?

CASC are a dynamic and ambitious Company based in Lisburn, providing multi-faceted support to industry leaders across the globe. We are the leading suppliers of innovative solutions to the Renewables industry throughout the UK and Europe, alongside providing a complete engineering package from concept to installation through their specialist engineering team, are recognized suppliers of access and safety products to multiple clients, and most recently have expanded with an dedicated electrical team, backed by a fully integrated and internationally recognised management system in Quality (ISO9001), Environmental (ISO14001), H&S (ISO45001) and CE Certification.

Due to continued growth and investment in technology, we are now looking to recruit a Laser Operator to work within our operations team, in our custom-fitted workshop where we utilize latest equipment in sheet metal profiling such as fibre lasers and water jets.

### **What's involved?**

- Communicate and liaise with management to manage workflow and meet production deadlines
- Programming of laser machines according to spec sheets
- Set up and operations of machines, including basic preventative maintenance
- Verify machine settings and positioning during operation
- React to machine breakdowns, including liaising with external suppliers in relation to getting machines up and running again as soon as possible

### **What will make me excel at this role?**

Ideally:

- Previous relevant experience
- Knowledge and ideally practical application of basic maintenance
- Ability to adapt quickly and work within a fast-paced environment
- A lean approach to your work, to maximize efficiency and minimize machine downtime and waste
- It would be extra awesome if you had a forklift licence, and/or experience with flow/lean principles

### **What's in it for me?**

Salary for this role is competitive, depending on experience. We currently operate a 4 day shift pattern, either 7am – 5pm Monday – Thursday or Tuesday to Friday. Alongside this, you'll have the opportunity to work with an energetic and growing company who truly puts people at the heart through its family orientated approach, and who is committed to building an epic team who will develop alongside the business.

Think this role is for you? Then we'd love to hear from you!
